

2016 Kansas: UNNAMED

ks3923209680120160408

Latitude: 39° 14' 52.8"

Longitude: -96° 47' 42.0"

Fire Ignition Date: April 08, 2016

Assessment Type: Initial

Pre-Fire Image Date: February 20, 2016 (Landsat 8)

Post-Fire Image Date: March 23, 2016 (Landsat 8)

This map portrays fire severity for the fire specified in the map title and summarizes proportions of fire severity classes. These data are produced under the Monitoring Trends in Burn Severity (MTBS) project jointly implemented by the USGS EROS and the USFS RSAC. The MTBS project ascertains the locations of fires based on available fire occurrence information provided by federal and state agencies, and other reliable sources. The MTBS project reserves the right to correct, update or modify geospatial inputs to this map without notification.

* Areas in either the pre-fire or post-fire reflectance imagery containing clouds, snow, shadows, smoke, significantly sized water bodies, missing lines of image data, etc.
